1. Digitalization of college portal as per NEP2020

Ram Krishna College has always been a trend setter in academics and allied activities. National Education Policy 2020 (NEP 2020) has relevantly mentioned the importance of technology in education and has encouraged institutions to go digital to improve the quality of education. On the same guidelines Ram Krishna College has taken this initiative. All the relevant data related to students, teachers, credits, details have been bought on one portal so that all the information can be assessed at clicks. This initiative will make the formalities and process smooth and easier for all the stakeholders. This initiative has helped in personalizing and flexible learning experiences for students. With the use of technology, students are able to access educational materials and resources on their own terms, at their own pace, and in a way that best suits their learning style. Technology has also acted as a tool for support of professional development for faculty and staff, as well as to enhance their teaching practices.

* Goal: The goal is to make all the stakeholders connected to each other and to initiate prompt action for all. It is a genuine attempt for academic welfare of students and faculty members. The overall purpose is holistic development in academia and simplifying the things for all and connecting our college on the guidelines of NEP2020.

*Context: The College has always been focusing on enriching its resources and technology has been an important blend of it. The institution has always cantered on enriching its technology according to the requirement of the market and resources and this is an important step towards it.

*Practices: All the departments from Arts Commerce, Science, BBA BCA and B,ED now relevantly focusing and practicing on different aids and dimension of online portal. The students and teachers have regularly been practicing it and well aided to all the aspects to it.

*Evidence of success: All the stakeholders are now well versed with different dimensions of the portal and this has proven as an asset for all the stakeholders. This step has acted on a positive note for the students, non-teaching and teaching staff. All the stakeholders have started contributing in a positive way because of this initiative and have added values in their academia.

2. Promotion of Maithili in the cultural city of Madhubani

Ram Krishan College has always been proud of its roots, culture and practice. The college has taken initiative to promote local and intellectual language of Madhubani i.e.Maithili. Certificate course on topic such as *Mithilachar* has been initiated to make a perfect blend of culture and knowledge. Number of seminars, conferences, and workshop has been conducted with the students to spread the relevance and importance of *Mithilachar*in the 21st century. Students from different department's i.e. Arts, Commerce and Science participated with full zeal and dedication in this process. This initiative is also considering the guidelines of NEP 2020, adapting to local language and culture.

* Goal: The aim of the objective is to promote local language amongst all the related people of the people. This initiative focuses on enabling the students to understand the roots and culture of city to the students and be proud of it.

*Context: This context has encouraged student and faculty members to learn different dimensions of the culture and society. This has acted as an important tool for all the students of the college to understand the relevance of language and its impact on the society. It has covered different aspects of culture, society and academia and makes them understand its relevance.

*Practices: The College has initiated different actions and steps for development of the language. It has conducted orientation, workshop, seminar, and conferences on different themes to make them aware regarding the relevance. The Alumni of the Maithili Department is world renowned because of their skills and capabilities. Students from different department have actively participated and took keen interest in learning the language and promoting it.

*Evidence of success: This initiative has helped its alumni, students to reach galaxy of success. The students and alumni's have represented College at different platform and make them proud of it. Students have enhanced their knowledge from *Mithilachar* to different ailments of culture and society. Altogether this has brought a very impact on the college and the society.
